Student Resource Scheme

2019

Student Resource Scheme

A Message from the Principal

There are many costs associated with providing quality educational opportunities which all students deserve. For an annual fee Calamvale Community College offers a Student Resource Scheme (SRS) as an economical alternative for the provision of high quality resources for their students.

SRS is organised by the College, operates under the policy and guidelines of the Department of Education (DoE) and is endorsed annually by the P & C Association. Participation in the scheme is optional, however before you make your decision, please read the contents of this document to see how you are able to make savings.

Payment options are also available. Please complete the final pages to formalise your participation in the scheme and to advise of your payment intentions. Should you be experiencing financial difficulties please contact the Business Service Manager to discuss your payment options.

Books and resources are purchased by the College in bulk and in advance to secure discounts and to ensure students have what they need to start the year and each additional term.

I look forward to your support in ensuring your student starts day one prepared and resourced for the academic challenges ahead.

Regards

Lisa Starmer
Executive Principal

Introducing digital texts to CCC

With the introduction of a new senior certification system comes new learning expectations and assessment – we endeavour to keep our community abreast of any relevant information as it becomes available. Most of our attention has been focussed on the units to be studied, the timing of this work, and the nature of assessment, so that we can best prepare our students for their Year 12 experience in 2020. The most recent information has indicated the need for students to store documents for extended periods of time, and to submit senior assessment through digital portals so that they can be quickly accessed and processed. As such, all students in their senior years will require access to digital devices for use in classrooms and for assessment submission.

As a result of this, all senior students attending the College in 2019 will need to have a portable digital device, such as a tablet, iPad or laptop. A smart phone is insufficient. In keeping with this requirement, students in Years 10 to 12 will access their textbooks in digital format. This decision to adopt to digital textbooks has been discussed and ratified by the P&C at a recent meeting. This transition from the traditional paper-based format will greatly benefit our students – digital textbooks can be loaded onto students' devices, thus making them accessible anywhere and at any time for the duration of their course. This removes the need for students to transport heavy texts to and from home, the costly exercise of replacing damaged books, and the need for class sets. Digital textbooks will also provide high-quality, curriculum-aligned information for students, including some interactive capacity, and most texts cover two, if not three years of learning from Years 10 to 12.

Documentation will soon be distributed outlining how to access digital texts, the associated costs, and the subsequent changes to the Student Resource Scheme payments.

Purchases will be made through an external provider, Campion, and families of students (including IB) in Years 10 to 12 will deal directly with this company. The College will continue to provide technical support for students with regards to their laptops, though no responsibility will be taken for repairs. Lockers will continue to be available throughout the Secondary School, and will be allocated upon request.

Keeping in line with an increasingly digital world, the College will also introduce digital textbooks to Year 7 in 2019. This decision – which has also been ratified by the P&C – will remove the need for us to purchase new paper-based texts and will allow our younger Secondary students to become familiar with this digital format.

The packages available to Junior Secondary students are very impressive in price, quality, and breadth of subjects covered in a purchased bundle of digital texts. There are bundles of texts covering all subjects that students can sample in Years 7, 8 and 9. After investigating the requisite costs surrounding this change, the College has made the decision to purchase the licences for Year 7, as it is significantly cheaper for schools than it is for parents. Students will be provided with codes to access Year 7 text bundles after payment is received. Parents will however be responsible for providing the device for students. More information will be provided with minimum specifications for all digital devices.

2019 Summary of Secondary School Student Resource Scheme Changes

Together with the P&C, the College has reached an agreement as to the Student Resources Scheme charges for 2019. These updated charges will reflect the introduction of digital texts in Years 7, 10, 11 and 12.

CALAMVALE COMMUNITY COLLEGE
STUDENT RESOURCE SCHEME

Statement of intent

A parent is directly responsible for providing the student with textbooks and other resources for a student's use while attending Calamvale Community College. As a service to assist parents with the cost of these educational resources, the College may choose to operate a student resource scheme (the scheme).

The purpose of the scheme is to provide the parent with a cost effective alternative to purchasing textbooks, resources, consumables and/or materials from elsewhere, through reduced prices gained from the College's bulk purchasing processes.

A student resource scheme enables a parent to enter into a written agreement (Participation Form) with the College that, in return for payment of a specified annual participation fee provides for the participating student's temporary use of prescribed textbooks, equipment, student intranet access and other resources and/or for the purchase by the parent of consumables and materials for the student's use.

The scheme provides the entire package for the specified participation fee and is not available in parts unless specifically provided for by the College in the scheme fee structure. The scheme is to be referred to by the school as the Student Resource Scheme, regardless of the extent of goods and services provided by the College, for example textbooks, hire of musical instruments. The operation of the scheme is supported annually by the Parents and Citizens' Association (P&C).

Participation in the scheme is voluntary, and no obligation is placed on a parent to participate. A parent's decision to participate is based on consideration of the value afforded by the scheme. If a parent chooses to participate in the scheme and completes a Participation Form then a participation fee will be due and payable by the parent by the end of Term 4.

On lodgment of the completed Participation Agreement Form with the College and payment of the participation fee in accordance with the agreed payment arrangement, the school shall provide the items to the student when due for the student's use. Payment of the participation fee by the parent is a requirement for continued participation in the scheme. An unpaid fee will be subject to the school's debt recovery processes.

A parent who does not wish to join the scheme is responsible for providing the student with the items that would otherwise have been provided to the student by the scheme as detailed on the Textbooks/Resources Requirements List to enable the student to engage with the curriculum. Parents of school aged students who choose not to participate in the scheme should refer to the paragraph 38 of the Student Resource Scheme Terms and Conditions.

The student resource scheme includes textbooks and/or educational resources that, in the absence of the scheme, would normally be purchased by the parent for the student's use at school. The scheme may include printed material such as workbooks and worksheets, produced by the school in lieu of a prescribed textbook. All items provided for temporary student use by the scheme remain the property of the scheme and shall be returned at the end of the education program or school year or when the student leaves the College, whichever is the earlier. Items provided for temporary student use shall be kept in good condition by the student. Where an issued item is lost or negligently damaged or not returned, the parent will be invoiced and required to pay the replacement cost of the item.

The student resource scheme does not include:

- Voluntary financial contribution request to supplement the instruction, administration and facilities for the education of the student at the school
- resources funded by the state through grant funding to provide a core educational service
- Co-curricula school activities such as excursions, camps, performances, and formals.

Before a student can be considered for participation in an optional school activity (non-curricular), a parent who has joined the scheme is expected to have:

- fully paid the student resource scheme participation fee or
- paid the student resource scheme participation fee up to and including the term in which the school activity takes place or
- made regular on-going payments towards the student resource scheme annual participation fee, as previously arranged with the Business Services Manager.

Parents experiencing financial hardship are encouraged to contact the Business Services Manager to discuss payment or resourcing options that may be available to accommodate their circumstances.

STUDENT RESOURCE SCHEME TERMS AND CONDITIONS

Privacy Statement

The Department of Education and Training, through the school, is collecting your personal information in accordance with section 51 of the *Education (General Provisions) Act 2006* in order to administer the Student Resource Scheme in an efficient, ethical and secure manner. The information will only be accessed by school employees administering the scheme. Some of this information may be given to departmental employees for the purpose of debt recovery. Your information will not be given to any other person or agency unless you have given permission or the Department of Education and Training is authorised or required by law to make the disclosure.

Purpose of the Scheme

1. In accordance with the *Education (General Provisions) Act 2006*, the cost of providing instruction, administration and facilities for the education of students enrolled at State schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.
2. Parents are directly responsible for providing textbooks and other personal resources for their children while attending school. In recognition that these costs can be high, the school operates a Student Resource Scheme (the "scheme") that enables a parent to enter into an agreement with the school that, for a specified annual participation fee, provides for the temporary use by the student of prescribed textbooks and/or other resources, and/or the purchase of consumables and materials for the student.
3. A Student Resource Scheme is separate to and distinct from a request for a voluntary financial contribution.

Benefits of the Scheme

4. The purpose of the scheme is to provide the parent with a cost effective alternative to purchasing textbooks and/or resources elsewhere, through reduced prices gained from the school's bulk purchasing practices.
5. The scheme also ensures that students have consistent personal resources for their education, and saves the parent time and money in sourcing the prescribed materials elsewhere.
6. The scheme is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the operation of the scheme.

Participation in the Scheme

7. Participation in the scheme is voluntary, and there is no obligation on a parent to participate in the scheme. A parent's decision to participate or not is based on consideration of the value afforded to them by the scheme.
8. The completed and signed Participation Agreement Form should be returned to the school by the advertised date to indicate participation or non-participation in the scheme.
9. If a parent chooses to participate in the scheme and completes the Participation Agreement Form, a fee will be due and payable by the parent for the items provided by the scheme to the student.
10. Payment of the participation fee is a requirement for continued participation in the scheme. An unpaid fee will be subject to the school's debt collection processes.
11. A parent who does not wish to participate in the student resource scheme shall inform the school by completing the Participation Agreement Form and returning it to the Administration Office. Arrangements will be made for the parents of students in Years 7 to 12 or of secondary education age to be paid the value of the Textbook and Resource Allowance for each of their eligible children.
12. A parent who chooses not to participate in the scheme is responsible for providing the student with all items that would otherwise be provided to the student by the scheme as detailed on the Year Level Requirements List and/or Subject Requirements List, to enable the student to engage with the curriculum.

Parents and Citizens' Association Support of the Scheme

13. The operation of the Student Resource Scheme is discussed annually at a meeting of the Parents and Citizens' Association. Parents are extended an invitation to attend this meeting and provided with an opportunity to express their opinions. A vote is taken at this meeting on supporting the operation of the scheme.

Textbook and Resource Allowance

14. The Queensland Government provides financial assistance to parents of students in Years 7 to 12 or of secondary education age, attending State and approved non-State schools, to offset the costs of textbooks and other resources. Assistance is provided in the form of a Textbook and Resource Allowance which is paid once a calendar year through the school. Parents have the option to receive the allowance directly from the school or as an offset of fees associated with participation in the school's Student Resource Scheme. This option is made available to each parent annually by the school. Current allowance rates are available from:

<http://education.qld.gov.au/finance/grants/fund/garp/html/par-stu.html>

Payment Arrangements

15. Payment of the participation fee may be made by EFTPOS (Debit Card; MasterCard; Visa; American Express where accepted by the school), cheque, or cash.
16. Payment may be made through the QParents portal using a credit card. Payment will be directed from the QParents portal to BPOINT where relevant outstanding invoice information may be selected.
17. When paying by BPOINT, please use the Customer Reference Number (CRN) and invoice number printed on the invoice received from the school. If unsure of your CRN, please contact the school.

18. Payment of the participation fee may be made in whole or by instalment as indicated on the Participation Agreement Form or for another amount as approved by the Principal.
19. For payments made in person by cash, cheque or credit/debit card, a receipt will be provided to the payer. Where payments are received by other methods, a receipt will be provided on request. All receipts and documentation on the scheme should be retained by the parent for future reference and possible taxation purposes.

Parent Experiencing Financial Difficulties

20. A parent wishing to participate in the Student Resource Scheme and experiencing financial hardship is encouraged to contact the principal to discuss how their financial obligations can be met throughout the school year, or to negotiate alternative arrangements that may be available to accommodate their individual circumstances. Centrelink deduction is a payment option offered by the school. All discussions will be held in the strictest confidence.
21. The onus of proof of being so affected is on the parent, and might include a current Health Care Card or other evidence to establish financial hardship.
22. Any concessions given to the participation fee will be at the discretion of the Principal.

Terms and Conditions of Participation in the Scheme

23. Payment of the prescribed fee implies acceptance of the Student Resource Scheme including the Terms and Conditions irrespective of whether or not the signed form has been returned.
24. For the purposes of the scheme, where a student is living independent of his/her parents, reference in the terms and conditions to "parent" is a reference to the independent student.
25. Where a parent chooses to join the scheme and completes a Participation Agreement Form, an annual participation fee will be due and payable by the parent to the Student Resource Scheme.
26. In return for payment of the participation fee, the scheme will provide the participating student with textbooks and/or resources, consumables and materials as listed on the Year Level Requirements List and/or Subject Requirements List as being provided by the scheme, when due for the student's use.
27. Payment of the participation fee is to be made according to the payment arrangement option indicated by the parent on the Participation Agreement Form, or as otherwise approved by the Principal.
28. Non-payment of the participation fee by the designated payment date(s) will generate a reminder notice to the parent from the school at intervals of 30 days overdue and 60 days overdue. The Principal may thereafter undertake debt recovery action for the overdue participation fee including, where warranted, referral to an external debt collection agency. This may result in extra costs being incurred by the parent.
29. Without limiting any other action the Principal may take in accordance with these terms and conditions, subject to 26 above, the Principal may withdraw a student's participation in the scheme due to non-payment of a participation fee, and/or may require the return of items provided by the scheme for the temporary use of the student, and/or may withhold the giving of any further items under the scheme until the debt is paid.
30. The Principal may refuse to admit a student to the scheme where participation fees are overdue from the previous year's scheme.
31. Where participation fees are overdue, the Principal has the discretion to exclude a student from an optional school activity.
32. The scheme provides the entire package for the specified participation fee, and is not available in parts unless specifically provided for by the school in the fee structure.
33. All textbooks and resources provided for temporary use by the scheme remain the property of the scheme and shall be returned at the end of the course or school year or when the student leaves the school, whichever is the earlier. Where an item is not returned, the parent will be responsible for payment to the scheme of the replacement cost of the item. Failure to make payment may result in debt recovery action being undertaken.
34. Textbooks and other resources provided for temporary student use by the scheme shall be kept in good condition by the student. The school Administration Office shall be notified immediately of the loss or negligent damage to any issued item. Where an issued item is lost or negligently damaged, parents will be responsible for payment to the scheme of the replacement cost of the item. Failure to make payment may result in debt recovery action being undertaken.
35. The parent is responsible for supplying the student with any additional student materials that are not provided by the Student Resource Scheme, as indicated on the Year Level Requirements List and/or Subject Requirements List or otherwise advised by the school.
36. If a student enters the scheme after the first week of school, a pro-rata participation fee will apply, calculated on a 40-week school year basis.
37. If a student, having paid a participation fee, leaves the school through the year, a pro-rata refund will be made to the parent, calculated on the participation fee paid, less the cost of consumed materials and the replacement cost of scheme items that are lost or negligently damaged or not returned, plus the pro-rata Textbook and Resource Allowance calculated on a 40-week school year basis.
38. As the scheme operates for the benefit of participating parents and is funded solely from participation fees, resources provided by the scheme will not be issued to students whose parents choose not to participate in the scheme.

Refund Guidelines for Excursions and Camps

At Calamvale Community College, we are committed to providing a safe and supportive learning environment for students, staff and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the College or in other locations.

College excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine. All planned school excursions are approved by the Principal and endorsed by the Parents and Citizens Association.

State Schools are able to charge a fee for:

- An educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student;
- An education service purchased from a provider other than the school where the provider charges the school; and
- A specialized educational program.

School fees for excursions and camps are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance.

Participation of students in an excursion or camp is indicated through payment of the excursion or camp fee and provision of a permission form completed by the parent/carer.

As the school budget cannot meet any shortfalls in funding for an excursion or camp due to the subsequent non-participation of a student who had previously indicated attendance of the activity, fees already paid for an excursion or school camp may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation.

If a parent/carer wishes to apply for a refund due to their child's non-participation in an excursion or camp activity, they may do so by completing a Request for Refund form available from the school office. Where possible, the request should include the receipt relating to the payment for which a refund is being sought.

It is preferred that refunds be made as a credit against the student's account at the school, and used for any cost in the future. Refunds of \$10.00 or less will automatically be credited against the student's account. You will be advised accordingly when this occurs.
