Student Resource Scheme 2023

2023

Student Resource Scheme

A Message from the Principal

Thank you for your support of our College since your child's enrolment. As you are aware there are many costs associated with providing the quality educational opportunities which all students deserve. For an annual fee Calamvale Community College offers a Student Resource Scheme (SRS) as an economical alternative for the provision of high quality resources for their students.

SRS is organised by the College, operates under the policy and guidelines of the Department of Education (DoE) and is endorsed annually by the P & C Association. Participation in the scheme is optional, however before you make your decision, please read the contents of this document to see how you are able to make savings.

Payment options are also available. Please complete the final pages to formalise your participation in the scheme and to advise of your payment intentions. Should you be experiencing financial difficulties please contact the Business Manager to discuss your payment options.

Books and resources are purchased by the College in bulk and in advance to secure discounts and to ensure students have what they need to start the year and each additional term.

I look forward to your continued support in ensuring your student starts day one prepared and resourced for the academic challenges ahead.

Kind Regards

Lisa Starmar

CALAMVALE COMMUNITY COLLEGE

STUDENT RESOURCE SCHEME

A parent is directly responsible for providing the student with textbooks and other resources for a student's use while attending Calamvale Community College. As a service to assist parents with the cost of these educational resources, the College may choose to operate a student resource scheme (the scheme).

The purpose of the scheme is to provide the parent with a cost effective alternative to purchasing textbooks, resources, consumables and/or materials from elsewhere, through reduced prices gained from the College's bulk purchasing processes.

A student resource scheme enables a parent to enter into a written agreement (Participation Form) with the College that, in return for payment of a specified annual participation fee provides for the participating student's temporary use of prescribed textbooks, equipment, student intranet access and other resources and/or for the purchase by the parent of consumables and materials for the student's use.

The scheme provides the entire package for the specified participation fee and is not available in parts unless specifically provided for by the College in the scheme fee structure. The scheme is to be referred to by the school as the Student Resource Scheme, regardless of the extent of goods and services provided by the College, for example textbooks, hire of musical instruments. The operation of the scheme is supported annually by the Parents and Citizens' Association (P&C).

Participation in the scheme is voluntary, and no obligation is placed on a parent to participate. A parent's decision to participate is based on consideration of the value afforded by the scheme. If a parent chooses to participate in the scheme and completes a Participation Form then a participation fee will be due and payable by the parent by the 15 February 2023.

On lodgment of the completed Participation Agreement Form with the College and payment of the participation fee in accordance with the agreed payment arrangement, the school shall provide the items to the student when due for the student's use. Payment of the participation fee by the parent is a requirement for continued participation in the scheme. An unpaid fee will be subject to the school's debt recovery processes.

A parent who does not wish to join the scheme is responsible for providing the student with the items that would otherwise have been provided to the student by the scheme as detailed on the Textbooks/Resources Requirements List to enable the student to engage with the curriculum. Parents of school aged students who choose not to participate in the scheme should refer to the paragraph 21 of the Terms and Conditions of the Student Resource Scheme.

The student resource scheme includes textbooks and/or educational resources that, in the absence of the scheme, would normally be purchased by the parent for the student's use at school. The scheme may include printed material such as workbooks and worksheets, produced by the school in lieu of a prescribed textbook. All items provided for temporary student use by the scheme remain the property of the scheme and shall be returned at the end of the education program or school year or when the student leaves the College, whichever is the earlier. Items provided for temporary student use shall be kept in good condition by the student. Where an issued item is lost or negligently damaged or not returned, the parent will be invoiced and required to pay the replacement cost of the item.

The student resource scheme does not include:

- Voluntary financial contribution request to supplement the instruction, administration and facilities for the education of the student at the school
- resources funded by the state through grant funding to provide a core educational service
- Co-curricula school activities such as excursions, camps, performances, and formals.

Before a student can be considered for participation in an optional school activity (non-curricular), a parent who has joined the scheme is expected to have:

- fully paid the student resource scheme participation fee or
- paid the student resource scheme participation fee up to and including the term in which the school activity takes place or
- made regular on-going payments towards the student resource scheme annual participation fee, as previously arranged with the Business Manager.

Parents experiencing financial hardship are encouraged to contact the Business Manager to discuss payment or resourcing options that may be available to accommodate their circumstances.

Terms and Conditions

Definition

1. Reference to a “parent” is in accordance with the definition in the *Education (General Provisions) Act 2006* and refers equally to an independent student.

Purpose of the SRS

2. In accordance with the Act, the cost of providing instruction, administration and facilities for the education of students enrolled at state schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.
3. Parents are directly responsible for providing textbooks and other personal resources for their children while attending school.
4. The SRS enables a parent to enter into an agreement with the school to provide the resources as advised by the school for a specified annual participation fee.

Participation in the SRS

5. Participation in the SRS is optional and parents are under no obligation to participate.
6. The school will provide parents with a list of resources supplied by the SRS to enable parents to assess the cost effectiveness of participation.
7. Parents indicate whether or not they wish to participate in the SRS by completing this Participation Agreement Form.
8. Parents must complete and sign the Participation Agreement Form and return it to the school by the advertised date.
9. This agreement is for the duration of the student’s enrolment at the school, unless a new Participation Agreement Form is completed.
10. Parents are given the option annually to choose whether to participate in the SRS or not by completing this form.
11. Where a parent signs up to participate in the SRS they are agreeing to pay the annual participation fee for the items provided by the SRS.
12. Payment of the participation fee implies acceptance of the SRS including the Terms and Conditions irrespective of whether or not the signed form has been returned.
13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any pro-rata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

Non-Participation in the SRS

15. Parents who choose not to participate in the SRS are responsible for providing their student with all items that would otherwise be provided by the SRS to enable their student to engage with the curriculum.
16. The school will provide non-participating parents with a list of resources the parents are required to supply for their child.
17. All items included in the SRS must be able to be independently sourced, purchased and supplied by parents who choose not to participate in the SRS.
18. As the SRS operates for the benefit of participating parents and is funded from participation fees, SRS resources will not be issued to students whose parents choose not to participate in the SRS.

The Resources

19. SRS funds received by the school will only be expended on student resources outlined in the school’s SRS and will not be expended on other items or used to raise funds for other purposes.
20. In return for payment of the participation fee, the SRS will provide the participating student with the entire package of resources for the specified participation fee. It is not available in parts unless specifically provided for by the school in the fee structure.

21. The resources, as determined and advised by the school may be:
 - retained by the student and used at their discretion; or
 - used/consumed by the student in the classroom; or
 - hired to the student for their personal use for a specified period of time.

22. All SRS resources hired to a student for their temporary use remain the property of the school. The resources must be returned by the agreed date or if the student leaves the school.
23. Parents are responsible for ensuring that any hired SRS resources provided for their child’s temporary use are kept in good condition.
24. The school administration office must be notified immediately of the loss or damage to any hired item.
25. Where a hired item is lost, not returned, or damaged, parents will be responsible for payment to the school of the value of the item or its repair.
26. The replacement cost of any resource may be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school.
27. Parents may be responsible for supplying their child with other resources not specified in the SRS as advised by the school.

Payment Arrangements

28. Payment of the participation fee may be made in whole, as per a nominated payment plan, or for another amount as approved by a Principal.
29. Payment of the participation fee must be made as per the payment methods nominated by the school.
30. Any concessions relating to the participation fee will be at the discretion of the Principal.

Debt Management

31. Payment of the participation fee is a requirement for continued participation in the SRS.
32. Non-payment of the participation fee by designated payment date(s) may result in debt recovery action in accordance with the Department’s Debt Management Procedure
<https://ppr.qed.qld.gov.au/pp/debt-management-procedure>

Parents’ Experiencing Financial Hardship

33. Parents experiencing financial hardship who are currently participating in or wish to participate in the SRS should contact the school to discuss options.
34. Principals may vary payment options, negotiate alternative arrangements and/or waive all or part of the participation fee for parents experiencing financial hardship.
35. The onus of proof of financial hardship is on the parent.
36. The school may require annual proof of continuing financial hardship.
37. All discussions will be held in the strictest confidence.

Additional Information

Textbook and Resource Allowance (TRA)

- The Queensland Government provides financial assistance to parents of students in Years 7 to 12, to offset the costs of textbooks and other resources. Assistance is provided in the form of a TRA which is paid through the school. Refer to the department’s website for current TRA rates <https://education.qld.gov.au/about-us/budgets-funding-grants/grants/parents-and-students/textbook-resource-allowance>.
- The TRA is used to offset the fees associated with participation in the

SRS.

- Parents not participating in the SRS will receive the TRA directly from the school.
- Parents not participating in the SRS should contact the school directly if they do not automatically receive the payment.

SECONDARY SCHOOL

PLEASE NOTE: Textbooks and printed workbooks are not just the domain of ATAR subjects. All subjects undertaken have the approval of the QCAA and work programs will have been designed from or referenced through textbooks. Some texts will be a year long issue, some for a term, others used daily or weekly for specific units of work. Every student will have the need of teacher prepared handouts, worksheets and assignment task sheets to allow for delivery of and assessment in their subjects.

Digital Texts

Keeping in line with an increasingly digital world, the College will also continue with digital textbooks in 2023. This will remove the need for us to purchase new paper-based texts and will allow our Secondary students to become familiar with this digital format.

Purchases will be made through an external provider, Champion, and families of students (including IB) in Years 10 to 12 will deal directly with this company. The College will continue to provide technical support for students with regards to their laptops, though no responsibility will be taken for repairs. Lockers will continue to be available throughout the Secondary School, and will be allocated upon request.

2023 Summary of Secondary School Student Resource Scheme Changes

Together with the P&C, the College has reached an agreement as to the Student Resources Scheme charges for 2023. These updated charges will reflect the update of digital texts in Years 7, 8, 9, 10, 11 and 12.

Refund Guidelines for Excursions and Camps

At Calamvale Community College, we are committed to providing a safe and supportive learning environment for students, staff and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the College or in other locations.

College excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine. All planned school excursions are approved by the Principal and endorsed by the Parents and Citizens Association.

State Schools are able to charge a fee for:

- An educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student;
- An education service purchased from a provider other than the school where the provider charges the school; and
- A specialized educational program.

School fees for excursions and camps are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance.

Participation of students in an excursion or camp is indicated through payment of the excursion or camp fee and provision of a permission form completed by the parent/carer.

As the school budget cannot meet any shortfalls in funding for an excursion or camp due to the subsequent non-participation of a student who had previously indicated attendance of the activity, fees already paid for an excursion or school camp may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation.

If a parent/carer wishes to apply for a refund due to their child's non-participation in an excursion or camp activity, they may do so by completing a Request for Refund form available from the school office. Where possible, the request should include the receipt relating to the payment for which a refund is being sought.

It is preferred that refunds be made as a credit against the student's account at the school, and used for any cost in the future. Refunds of \$10.00 or less will automatically be credited against the student's account. You will be advised accordingly when this occurs.
